

WITHOUT YOU

HEE HEE Ooh
Without You

I know it's late but I have to ask you
If this isn't love.....then
Why can't I sleep at night?
Without you
Can't contemplate my life without you
If this isn't love.....then
It will do for me
I don't need nothing else

I've got this happy feeling
I think I've got it all worked outoh babe
I've got this happy feeling (happy feeling)
Lately I think I've got it all worked out

I know it's late but I have to have you....and
If this isn't love.....then
Why do I weep at night?
Without you

Can't dissipate these thoughts I'm having
All I see is you
You will do for me
I don't need no one else

Oh Babe I've got this happy feeling (happy feeling)
I think I've got it all worked out oh babe
I've got this happy feeling (happy feeling)
Lately I think I've got it all worked out
I think I've got it all worked out!

HEE HEE!
Happy feeling

I'd really hate my life without you
I know this must be love
I don't want to live my life without you
Won't contemplate my life without you
I know that this is love
I feel I'll never be
Without you

Oh babe I've got this happy feeling
Oh babe I've got this happy feelingthis happy feeling
Yeah!
I know it's late but I have to ask you!
I know it's late...but I've got this happy feeling (this happy
feeling)
Can't concentrate when I'm without you
Happy feeling, this happy feeling yeah!

Happy feeling, happy feeling, happy feeling, feeling, feeling
